An Evening with Spiritual Medium  
Eddie Peace

**Thursday 15th October, 7.30pm £5**  
**The Craiglands Hotel, Ilkley**

As a medium I want to give proof to those who come to me that their loved ones do return to the spirit world. And I want to help where I can. One thing that I am not is a fortune teller. As a medium I take what I do very seriously, and I hope that people get comfort from what I tell them. The people who say this is rubbish have not grown spiritually, the spirit still sleeps within but you must first expect that you are spirit and believe this. If we can all change our thoughts to ones of helping and caring, in time the world will change. I believe that Spirit could change the world, start today. Your thoughts are the seeds of life, lets go and plant the GOOD ones and in the years to come who knows what we may achieve. PEACE, HAPPINESS and HARMONY may have begun to grow, its your future. Remember there are no endings, just new beginnings. Eddie Peace
